A Day Worth Waiting For!

There are but few times in a man's life when he gets a thrill that matches the one he gets when he takes delivery of his first Cadillac.

We've watched it happen many, many times - and it never ceases to be a heart-warming experience.

You see-a man isn't simply buying a motor car when he gets his first Cadillac. He is marking a milestone in

For years, he has been saying to himself that, some day, he would step up to a Cadillac.

All this time, he has seen it as something he wanted to do for his family ... and as a sort of personal reward for the effort and planning that have gone into his own work.

And when you watch him slide over behind the wheel

-well, it's a thrill just to be there. He's a proud and happy man as he turns the key in the ignition switch-and hears the deep-throated answer of the powerful engine.

If you are one who has been looking forward to a Cadillac-we think you would be well advised to come in and place your order now.

There's a little delay these days before a Cadillac can be delivered—and, obviously, the sooner you place your order, the sooner you'll get your car.

And when the great day comes, you'll know at once that it was well worth waiting for-because all the things you've heard about a Cadillac are doubly true.

It isn't just a motor car. It's a wonderful contribution to a wonderful way of life!

Eagles Urge Barring Of Red Newsmen

The membership and officers of Stroudsburg Aerie, No. 1106, Fraternal Order of Eagles yesterday called for the barring of all Soviet and satellite nation correspondents from dealings with our Government until such time as the Czechoslovak-Communist dominated government releases Associated Press Correspondent William N. Ontis.

Formal resolutions adopted by the Eagles were forwarded yesterday to Senators Edward Martin and James H. Duff and Rep. Francis E. Walter.

Oatis is currently serving a ten year sentence in a Czech prison noused of "espionage."

Les Voss, aerie secretary, said the action was unanimous and is part of a nation-wide drive-by the Eagles organization to force the Communist-dominated Czech government to free Oatis.

Oatis was sentenced on July 4 of this year on the espionage charge while trying to locate the whereabouts of the missing former Czech foreign minister. Vlado Clementis. The Czechs have refused to give any indications of Clementis' presence, but it is known that he had fallen out of favor with the Communist government.

The Stroudsburg lodge passed the resolution after the Eagles national convention in Rochester, N. Y. had adopted a similar one.

Associated Press executives and other newspapermen have also been applying pressure on the government to secure the release of M. Oatis.

The Stroudsburg aerie's resolution insisted that these Communist correspondents be barred from press conferences "where vital information may be revealed."
